ESD GLOVES

All ESD gloves are manufactured using a high strength conductive yarn which gives a surface resistivity $10^6 - 10^9$ ohms/square even after 100 washes. Gloves are manufactured using seamless knitted structures giving an extremely comfortable fit.

(Polyamide 70% / Polyester 22% / Spandex 1% / Conductive Yarn 7%).

ESD GLOVES (COATED TIPS)

These gloves have a polyurethane coated finger tip to provide anti-slip grip. (Avoids finger prints).

- 30-GTS** Small size. (Blue rim).
- 30-GTM** Medium size. (White rim).
- 30-GTL** Large size. (Red rim).

ESD GLOVES

Uncoated gloves for delicate & precise operation.

- 30-GLS** Small size. (Blue rim).
- 30-GLM** Medium size. (White rim).
- 30-GLL** Large size. (Red rim).

ESD GLOVES (COATED PALMS)

These gloves have a polyurethane coated finger and palm to provide added grip.

- 30-GPS** Small size. (Blue rim).
- 30-GPM** Medium size. (White rim).
- 30-GPL** Large size. (Red rim).

TOP FIT GLOVES

Non ESD general purpose gloves. These gloves have coated tips for added grip.

- 30-TFGS** Small size.
- 30-TFGM** Medium size.
- 30-TFGL** Large size.

All gloves can be washed at 40°C with a neutral detergent allowing them to be re-used many times

RE-USABLE ESD CAP

This reusable cap is made of a static dissipative polyester fabric. One size fits all.

- 30-CAP8761** Cap (Pack of 10)

ESD GARMENTS

Manufactured from static dissipative material for use in ESD protected areas. (63% polyester, 33% cotton and 4% carbon yarn). They are lightweight and comfortable and have a breast pocket with the ESD symbol.

Machine washable up to 60°C

Available in S/M/L/XL/2XL/3XL/4XL5XL

ESD LAB COATS
